

Aquatic Facility Operator Program

The Aquatic Facility Operator (AFO) Course is an 2-day training program designed to meet the needs of those working in public and semi-public recreational pool or water park facilities. The AFO Course offers unique discussions on risk management and pool management as well as training in proper water chemistry, water chemistry challenges and solutions.

Upon successful completion of the AFO Course and 50 question open book exam, participants will be certified for 5 years by the National Certification Board in coordination with the National Recreation and Park Association.
