Guidance for Playground Users
(Parents, Caregivers and Children)

Before use, parents and caregivers should also confirm that:

- Playground equipment is safety standard compliant.
- The use of playgrounds is allowable and in accordance with the most up-to-date CDC, state and local public health guidance. For additional information, please visit the CDC website at cdc.gov/coronavirus/2019-ncov/community/parks-rec/index.html.

Monitor your health and stay home if you don’t feel well or are experiencing symptoms including fever, cough, shortness of breath or other symptoms of COVID-19.
