Guidance for Playground Users
(Parents, Caregivers and Children)

Wash your hands **often** with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.

If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol**. Cover all surfaces of your hands and rub them together until they feel dry.

Before use, parents and caregivers should also confirm that:

- Playground equipment is safety standard compliant.
- The use of playgrounds is allowable and in accordance with the most up-to-date CDC, state and local public health guidance. For additional information, please visit the CDC website at cdc.gov/coronavirus/2019-ncov/community/parks-rec/index.html.
