

NATIONAL RECREATION
AND PARK ASSOCIATION

2026 Annual Report

FISCAL YEAR 2026
July 1, 2025 - June 30, 2026

OUR MISSION

To advance parks, recreation and environmental resilience efforts that enhance the quality of life for all people.

Year in Review

As the National Recreation and Park Association (NRPA) reflects on this chapter of our journey, I am filled with immense gratitude for the people, partners and communities who make our work possible. Throughout the year, I traveled around the country to meet with the park and recreation professionals and partners who are building stronger communities. Your stories bring our work to life.

This year, NRPA celebrated meaningful progress toward our mission, demonstrating what is possible when we invest in parks and recreation as a community service. Together with our members, partners, donors and supporters, we expanded professional learning opportunities, increased community access to well-trained youth sports coaches and engaged communities in efforts to strengthen environmental resilience.

But the true measure of the power of this work is the impact it has on communities throughout the United States. In Maryland, at Howard County Recreation and Parks, that meant finding new ways to bring girls into sports and creating opportunities for those who might otherwise be left on the sidelines. It is just one example of how park and recreation agencies pair innovation with an unwavering commitment to the communities they serve.

That same dedication was evident in Taos, New Mexico, where a need for real-world job experience inspired a workforce development program designed to prepare young people for future success. From Howard County to Taos and communities across the country, park and recreation professionals continue to find innovative ways to respond to local needs and create opportunities that ensure all community members can flourish.

We have accomplished much, but I believe our greatest work lies ahead. Parks and recreation offers real solutions to many of our most complex challenges. As we look ahead, NRPA will continue to connect and strengthen our profession, amplify our impact through data and storytelling, and build a movement for durable, sustained investment. Our aim is simple: to ensure that everyone knows parks and recreation is not a luxury — it is essential infrastructure for thriving communities.

Thank you for believing in and being part of our mission. Together, we can build a future where everyone experiences the undeniable power of parks and recreation.

In deepest gratitude,

A handwritten signature in black ink, appearing to read 'Kristine Stratton'.

Kristine Stratton
President and CEO

2025 NRPA ANNUAL CONFERENCE

The 2025 NRPA Annual Conference was the largest in our history, bringing **nearly 9,000 attendees, exhibitors and virtual participants** together in Orlando.

And the connections extended across the industry, with **nearly 550 exhibiting companies** showcasing the products, services and solutions moving parks and recreation forward.

Learning took center stage, too, with **more than 250 education sessions** offering opportunities to exchange ideas, build skills and bring new knowledge back to communities across the country.

EDUCATION LEADS THE WAY

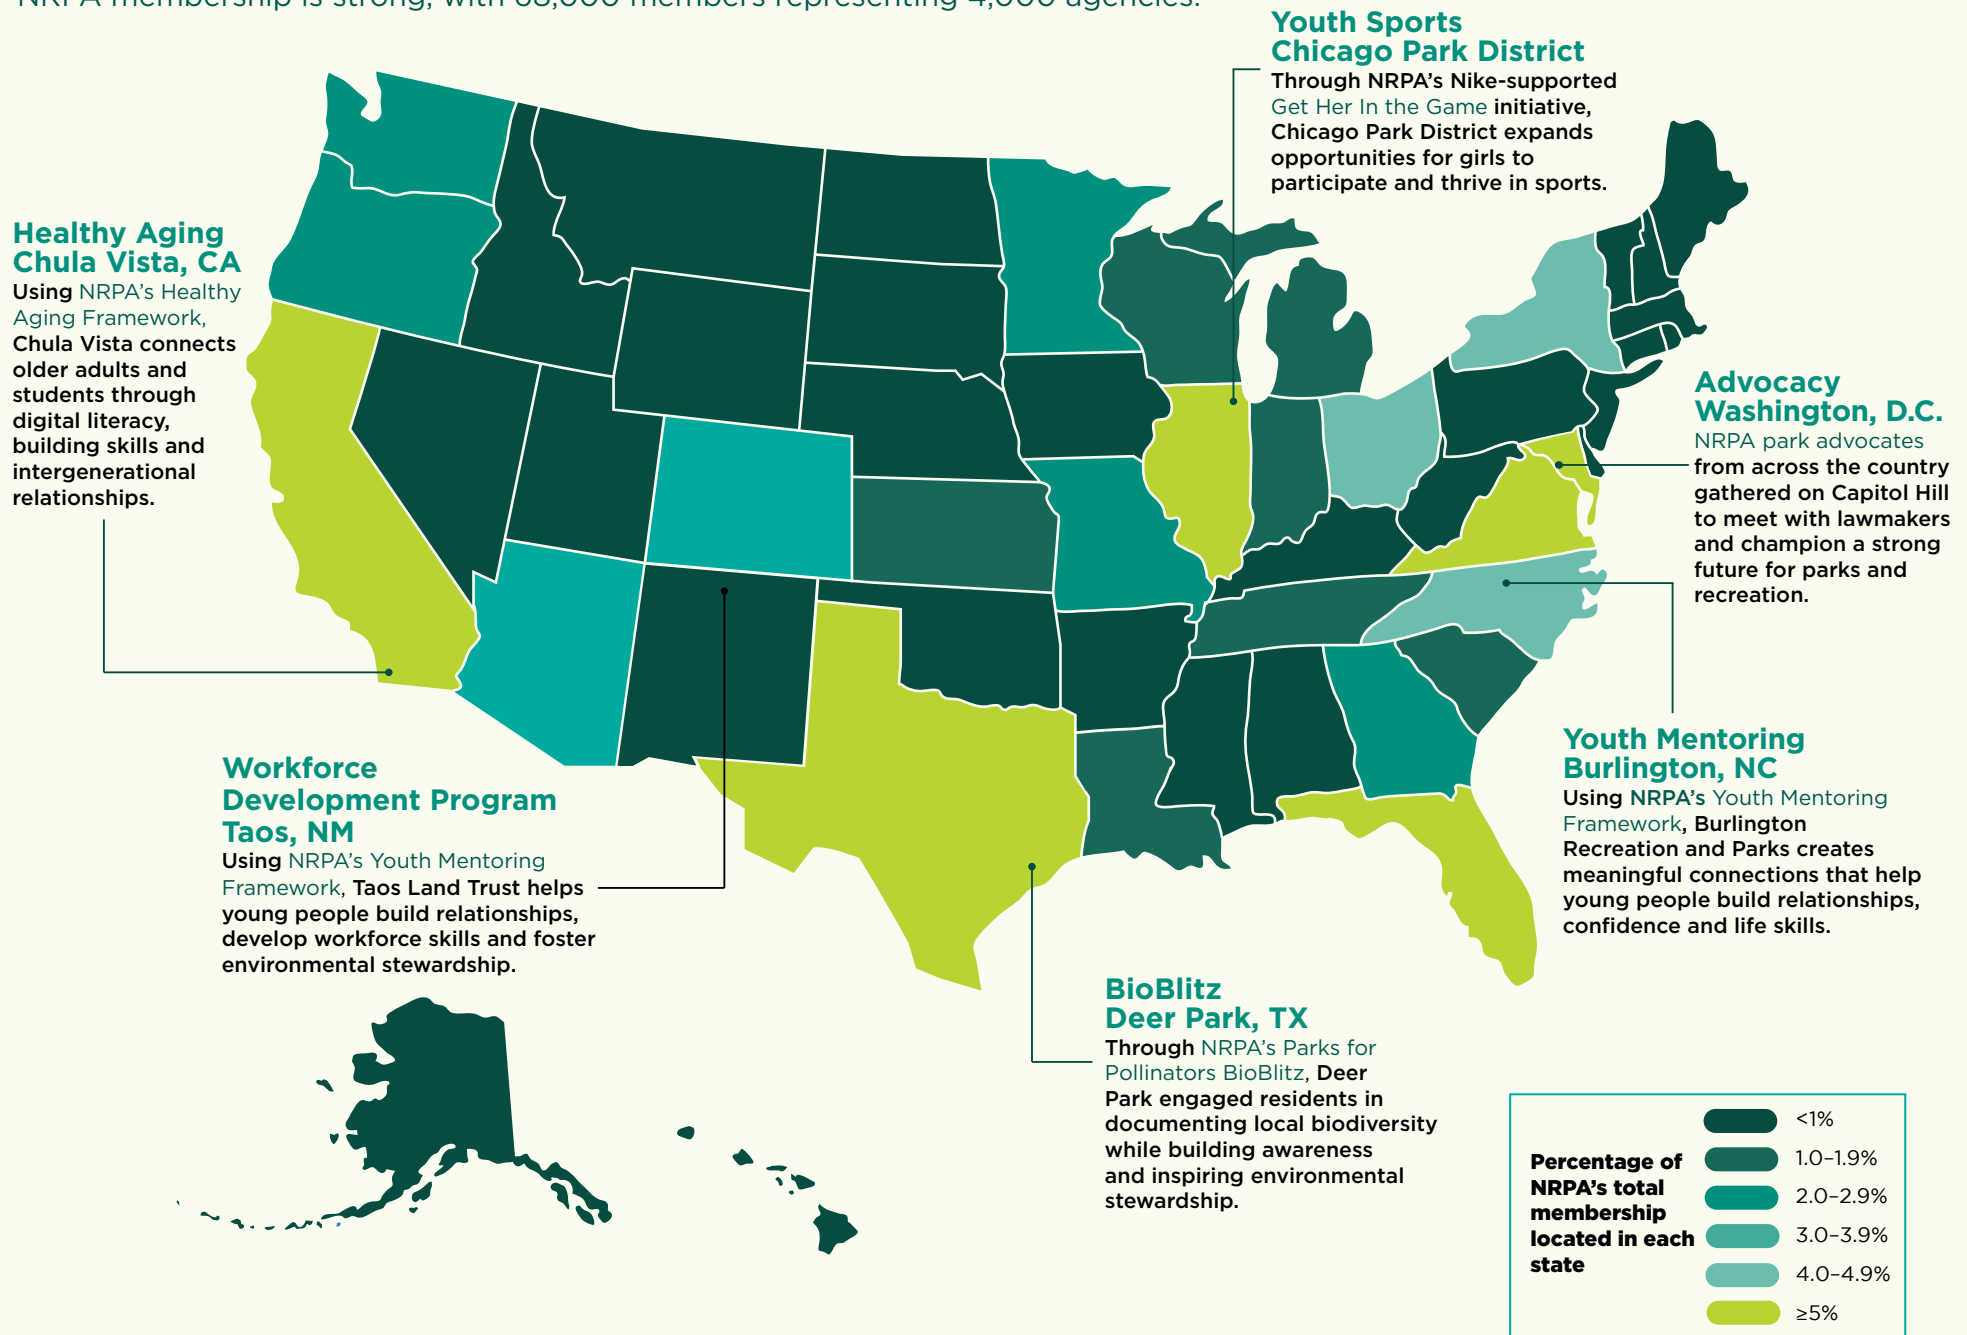

More than 70% of respondents rank education among their top three reasons for attending the NRPA Annual Conference — making it the #1 driver of attendance.

Photo courtesy of Caught in the Moment.

NRPA Membership Across the Country

NRPA membership is strong, with 68,000 members representing 4,000 agencies.

THE POWER OF PARKS AND RECREATION

The Power Of Parks and Recreation is transforming communities in all 50 states — advancing health, well-being, environmental resilience and joy. The positive impact is found in the people, places and stories that bring this work to life.

SPOTLIGHT

HOWARD COUNTY RECREATION AND PARKS

For more than 25 years, Maryland's Howard County Recreation and Parks (HCRP) has tapped into the NRPA network to strengthen its work and create greater impact in its community.

25+ YEARS OF NRPA MEMBERSHIP

Connecting HCRP to resources, expertise and a nationwide network of park and recreation professionals

1 NEW LEAGUE

Launched in 2025, HCRP's girls' flag football league is creating a place where everybody belongs.

CAPRA ACCREDITED; COMMITTED TO EXCELLENCE

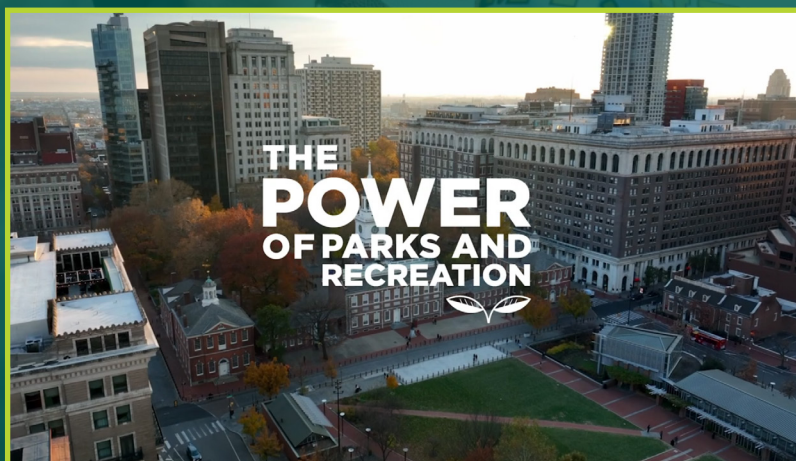

HCRP is just one of 222 CAPRA-accredited park and recreation agencies in the world.

67 COACHES EQUIPPED TO MAKE A DIFFERENCE

Through the Million Coaches Challenge, an initiative with NRPA and the Susan Crown Exchange, HCRP provided specialized training to coaches serving its young athletes.

3 YEARS OF EXPLORING LOCAL BIODIVERSITY

HCRP has participated in the annual Parks for Pollinators BioBlitz since 2024, engaging its community in discovering and documenting local species.

BIG REACH, LASTING IMPACT

227M+
ADULTS

IN THE UNITED
STATES VISITED A
LOCAL PARK OR
RECREATION AGENCY.

50M+ U.S. YOUTH
PARTICIPATED IN PARK AND
RECREATION ACTIVITIES.

30M+ U.S. YOUTH
PLAYED ORGANIZED OR DROP-
IN SPORTS THROUGH PARKS AND
RECREATION.

\$3.9M
INVESTED

BY NRPA, REACHING
3.34 MILLION
PEOPLE ACROSS 534
COMMUNITIES.

GROWING THE FIELD, STRENGTHENING COMMUNITIES

GROWING TOGETHER

In FY26, NRPA expanded access to knowledge and connection, with more than 21,000 **Online Learning** registrations and nearly 5,000 resources shared through **NRPA Connect**.

STRENGTHENING THE PROFESSION

NRPA strengthened the profession through training and certification, supporting more than 25,000 **AFO**, **CPSI**, **CPRP** and **CPRE** professionals and more than 200 **CAPRA**-accredited agencies worldwide.

COACHING FOR GREATER IMPACT

Through FY26, NRPA grants have helped train more than 27,000 **youth sports coaches**, enhancing the experience of more than 270,000 young people in communities across the country.

CREATING GREATER ACCESS AND OPPORTUNITY

Park and recreation agencies strengthened programs, policies and practices across all **Seven Dimensions of Well-Being**. We also saw a 23 percent increase in inclusive community engagement practices.

COMMUNITIES IN ACTION

Across the country, thousands took action for the environment, documenting more than 6,000 species through the **Parks for Pollinators BioBlitz** and collecting nearly 50,000 pounds of recycling and trash in the inaugural **Recycling Race**.

BUILDING CAPACITY. CREATING LASTING CHANGE.

NRPA grants are driving lasting organizational change, with nearly half of grantees changing practices, nearly a quarter changing policies and 70 percent forming new partnerships.

LOOK FORWARD

As our nation faces increasingly complex challenges, parks and recreation continues to offer powerful solutions that strengthen communities. Across the country, park and recreation professionals are creating healthier places to live, expanding opportunities for young people, strengthening resilience, and helping people feel connected and supported. But realizing the full potential of parks and recreation requires greater investment and support.

With your support, NRPA will expand resources for local agencies, strengthen the park and recreation workforce, advance youth development, build more resilient parks and public spaces, and fight for the sustained investment parks and recreation deserves. Together, we can build on the progress of today and ensure even more people experience the health, well-being and belonging that parks and recreation make possible. Take your first step and be an advocate. **Contact your elected officials** to speak up for investments for parks, people and community.
